Working Papers

Green Fiscal Rules (co-authored)
Fiscal Rules and Institutional Quality (co-authored)
Fiscal Performance across EU countries: How Fiscal Rules and Institutions May Divide the Europe? (co-authored)

Topics and Methods

My research is conducted in the field of Macroeconomics, with focus on Fiscal Policy. I conduct applied research, which consists of hypothesis building and testing using mostly panel data.
▪ The methods I use are general to social science, with a focus on impact analysis: entropy balancing, propensity score matching, bias-corrected matching, difference-in-difference, and so forth.

Prizes, scholarships, distinctions
